FLOORZILLA

# Cost-effective cleaning

FloorZilla cleaning pads enables faster, economical and reliable cleaning.

## Economical

Reduces working time by up to 20% and material costs by up to 70%.

## Durable

Lasts 5x longer - service life of up to 100,000 m<sup>2</sup>.

## Thorough

Saves cleaning chemicals by up to 100% with a shinier result.

## Bastian Raguse

Head of department of the Charité CFM  
Facility Management GmbH

” We use FloorZilla cleaning pads for machine maintenance cleaning. This gives floors more shine, despite significantly lower consumption: 20% less working time, 80% less fresh water and 95% less cleaning chemicals. In this way, we gain quality, save resources and act ecologically. “
